

Obesity Reduction

Your team works in a rural community of about 10,000 people in the state of Illinois. You have managed to drop the obesity rate in adolescents ages 12-19 from 18% to 15% over a 10 year span.

Congratulations! How did your community do this? As a group brainstorm the successes that could have occurred that lead to this accomplishment. Outline below the who, what, where, how and why of this success? Have fun, be creative but realistic.

Bullying Reduction

Your team works in an urban community of over 2 million people in the state of Illinois and over the last 10 years you have successfully lowered the reported bullying rate of 9th – 12th graders in the two largest adjacent towns from 20% to 17%. Congratulations! How did your community do this? As a group brainstorm the successes that could have occurred that lead to this accomplishment. Outline below the who, what, where, how and why of this success? Have fun, be creative but realistic.

High School Complete Rate Increase

Your team works in a suburban, industrial community of approximately 150,000 residents in the state of Illinois. Over the last 10 years your community has increased the high school completion rate of individuals 18-24 from 89% to 97%. Congratulations! How did your community do this? As a group brainstorm the successes that could have occurred that lead to this accomplishment. Outline below the who, what, where, how and why of this success? Have fun, be creative but realistic.

Drunk Driver Passenger Reduction

Your team works in a suburban, industrial community of approximately 150,000 residents in the state of Illinois. You have managed to maintain a low rate of adolescents who report that they rode, during the previous 30 days, with a driver who had been drinking alcohol. Over a 10 year span the rate consistently dropped from 28% - 25%. Congratulations! How did your community do this? As a group brainstorm the successes that could have occurred that lead to this accomplishment. Outline below the who, what, where, how and why of this success? Have fun, be creative but realistic.

Nutritious Beverage Offering in Schools Increase

Your team works in a suburban, middle income community of approximately 150,000 residents in the state of Illinois. Over the last 10 years 21% of your community schools have limited the selling of calorically sweetened beverages to students, an increase of 12%. Congratulations! How did your community do this? As a group brainstorm the successes that could have occurred that lead to this accomplishment. Outline below the who, what, where, how and why of this success? Have fun, be creative but realistic.
